Stress Relief

The rasping of a zipper being pulled down. Strong, warm fingers grasping his hardening cock. Wet lips closing around the head. The musky sweet scent of sex filling the air.

Leaning back against the cold seat of the car, he wrapped his hand in the thick curls, forcing the delicious mouth of his bandmate further down his aching erection. A little stress relief had been a long time in the coming, and he was grateful for it.

Tugging on Slash's hair, he grunted, jaw tight. So very close, the bright heat of orgasm closing in.

And then it was over.
